

## Seesaw for New Starters - September 2020

Dear Parents,

Your child in our Foundation 2020 class is now set up on Seesaw.

At Murdishaw West we use Seesaw everyday in school for posting work. Seesaw is currently being used at home for online learning.

For those of you that have an older child in school, you will already know how this works for online learning. For those that don't, here is a link to a helpful video. You will also find some more information at the end of this document.

<https://youtu.be/pzlr+DR84KY>

Miss Hankinson and Miss Freeman will add some transition activities for your child to complete at home. They will be able to send messages and you will also be able to comment back.

### There are two apps/ logins you will need:

1. For children to access Seesaw at home you will need to download the Seesaw CLASS app. **This login is attached to this email.** More info can be found here about the app:

<https://web.seesaw.me/platforms>

2. The FAMILY app. This login has been emailed to you from Seesaw. This is where you will receive notifications when your child completes work. This can be done here:

<https://web.seesaw.me/platforms-parents>

You can also login to both accounts (child and parent) on Chrome/ Safari etc.

---

If you have any problems, please use the Chat With Us facility on the school website or contact the school office on 01928 711254.

Happy Learning!

# Seesaw

Seesaw is a simple way for teachers and students to record and share what's happening in the classroom.

Seesaw gives students a place to document their learning, be creative and learn how to use technology.

Each student gets their own journal and will add things to it, like photos, videos, drawings, or notes.

When there are new Seesaw posts, families can be notified via app notification, email or SMS.

Parents are only notified about their own child's work, and all data is safe and secure.
